## REFUSED SHIPMENTS

Permission must be obtained prior to returning merchandise. All authorized returns must be shipped prepaid. If you refuse your shipment for any reason, we pay shipping both ways to get the merchandise back. ## Car Shop Sheet Metal

Most panels are E-D-Primer coated or Weld-thru Primer coated and are carefully packaged to protect against damage that may occur during transit. Most parts are individually boxed for damage free shipping. However, after overseas transport & cross country delivery to you, it is likely there could be a small ding or minor scratch. These minor blemishes cannot be helped and are considered normal due to the nature of the product.

**Test fit all panels prior to paint and installation.**

Any physical damage in transit must be reported to delivering carrier at time of delivery.

**Unassembled Door Panels** come pre-attached to a rigid, water resistant backing board. You will need to attach the new panel to the original metal top backing rail that mounts to the door. It is also necessary to install the inner window felts, molding and door lock knob ferrules.

**Fully Assembled Door Panels** make installation a breeze and feature the same high quality as our unassembled panels. Everything is pre-attached (chrome molding, metal top backing rails, door lock knob ferrules and inside window felts), so all you need to do is hang it on your door. They do not include door panel attachment clips or nameplates. Available in all of the factory original colors.

## 1968-1972 DOOR & QUARTER TRIM PANELS UNASSEMBLED OR FULLY ASSEMBLED

### UNASSEMBLED

Unassembled Door Panels come pre-attached to a rigid, water resistant backing board. You will need to attach the new panel to the original metal top backing rail that mounts to the door. It is also necessary to install the inner window felts, molding and door lock knob ferrules.

### FULLY ASSEMBLED

Fully Assembled Door Panels make installation a breeze and feature the same high quality as our unassembled panels. Everything is pre-attached (chrome molding, metal top backing rails, door lock knob ferrules and inside window felts), so all you need to do is hang it on your door. They do not include door panel attachment clips or nameplates. Available in all of the factory original colors.

## Car Shop Sheet Metal

Most panels are E-D-Primer coated or Weld-thru Primer coated and are carefully packaged to protect against damage that may occur during transit. Most parts are individually boxed for damage free shipping. However, after overseas transport & cross country delivery to you, it is likely there could be a small ding or minor scratch. These minor blemishes cannot be helped and are considered normal due to the nature of the product.

**Test fit all panels prior to paint and installation.**  
Any physical damage in transit must be reported to delivering carrier at time of delivery.

## CAR COVERS

### 200 Series / Multibond® Fabric, gray.

200 Series uses 3-layer polypropylene construction for moisture and dust resistance, and the fibers are treated for extra UV resistance. If you are looking for an inexpensive cover for indoor storage and limited outdoor use, this U.S. made fabric offers good, basic protection and is an excellent value.

2 Year Limited Warranty - Against defects in workmanship and/or the fabric becoming unserviceable during normal use. Covercraft will repair or replace, to the original purchaser, after required inspection.

### 380 Series DELUXE Fabric, taupe.

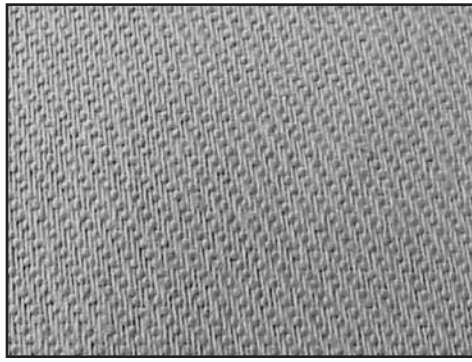

The three-layer construction uses inner and outer layers of spunbond, sandwiching a middle layer protective film barrier. The film barrier has microscopic holes, smaller than droplets of water and most dust particles to stop moisture, but still allow any moisture vapor or heat to easily escape from under the cover.

Won't shrink or stretch and retains it's tailored shape.

3 Year Limited Warranty - Against defects in workmanship and/or the fabric becoming unserviceable during normal use. Covercraft will repair or replace, to the original purchaser, after required inspection.
